

Bunny Opendiment

□ = 1" x 66

Directions

1. Cut out 66-1" squares from your fabric
2. Sew the pieces together into 6 strips of 11 squares with a 1/4" seam allowance, making sure to use a shorter stitch length.
3. Sew your 6 strips together.
4. Trace the bunny template onto the paper side of fusible web and iron on to the backside of the patchwork piece.
5. Cut out the bunny shape and peel away the paper backing.
6. Iron on to your backing fabric (I used a large scrap of linen)
7. Sew a running stitch around the outside edge of the bunny with three strands of embroidery floss.
8. Layer on top of batting and backing fabric (with fabrics right sides out). Trim your fabrics with a 3/4" of the backing fabric left around your bunny. Your rectangle should be approximately 4" x 6-3/4".
9. Edge stitch around your rectangle with a 1/4" seam allowance leaving an opening at the top to insert the loop later.
10. Trim your edges with a pinking blade or shears.
11. Insert your ribbon loop and top stitch opening closed.
12. Glue on your bunny tail (a pom-pom) with fabric glue.
